

# Sacred Heart Girls' College

## Expressions of Interest

Sacred Heart Girls' College has a very high sport participation rate with our latest New Zealand Secondary School Census indicating over 70% of our girls participate in a sporting activity during the year. We offer a large range of sports and are always on the look-out for additional parental support to continue to be able to offer the girls these opportunities.

We would like to take this opportunity to encourage you to be involved in your daughter's sporting life at Sacred Heart, as without the support of our valued volunteers in the coach and manager positions, we wouldn't experience the level of success that we currently achieve.

Please indicate which sports you would like to be involved in next year and in what role.
