

Chamber Music Groups

Chamber Music groups are small groups of instrumental players, usually 3 to around 7 in a group. Any combination is possible and a great way to develop your performance skills!

In 2019 we have a tutor available to help our small groups, giving expert guidance and encouragement. Chamber Music groups are an excellent way to earn NCEA music credits, and, for students in years 9 - 13, to participate in the Regional Competition - an opportunity to not only perform but to watch other student groups perform.

See Mrs Hunter or Mrs Beath if you want to know more.
